

Frost Fish Creek Maps and Photos

Parcels near Frost Fish and Stillwell Pond owned by CCF (green) and the Town (yellow). Existing culverts (red arrows; numbers correspond to photo sites).

Woods Hole Group: Flood probabilities – 2070.

DEP wetlands: herring runs connecting FFC and Stillwell.

Stewardship: Frost Fish Creek

Site Visit Date: 4/4/2021

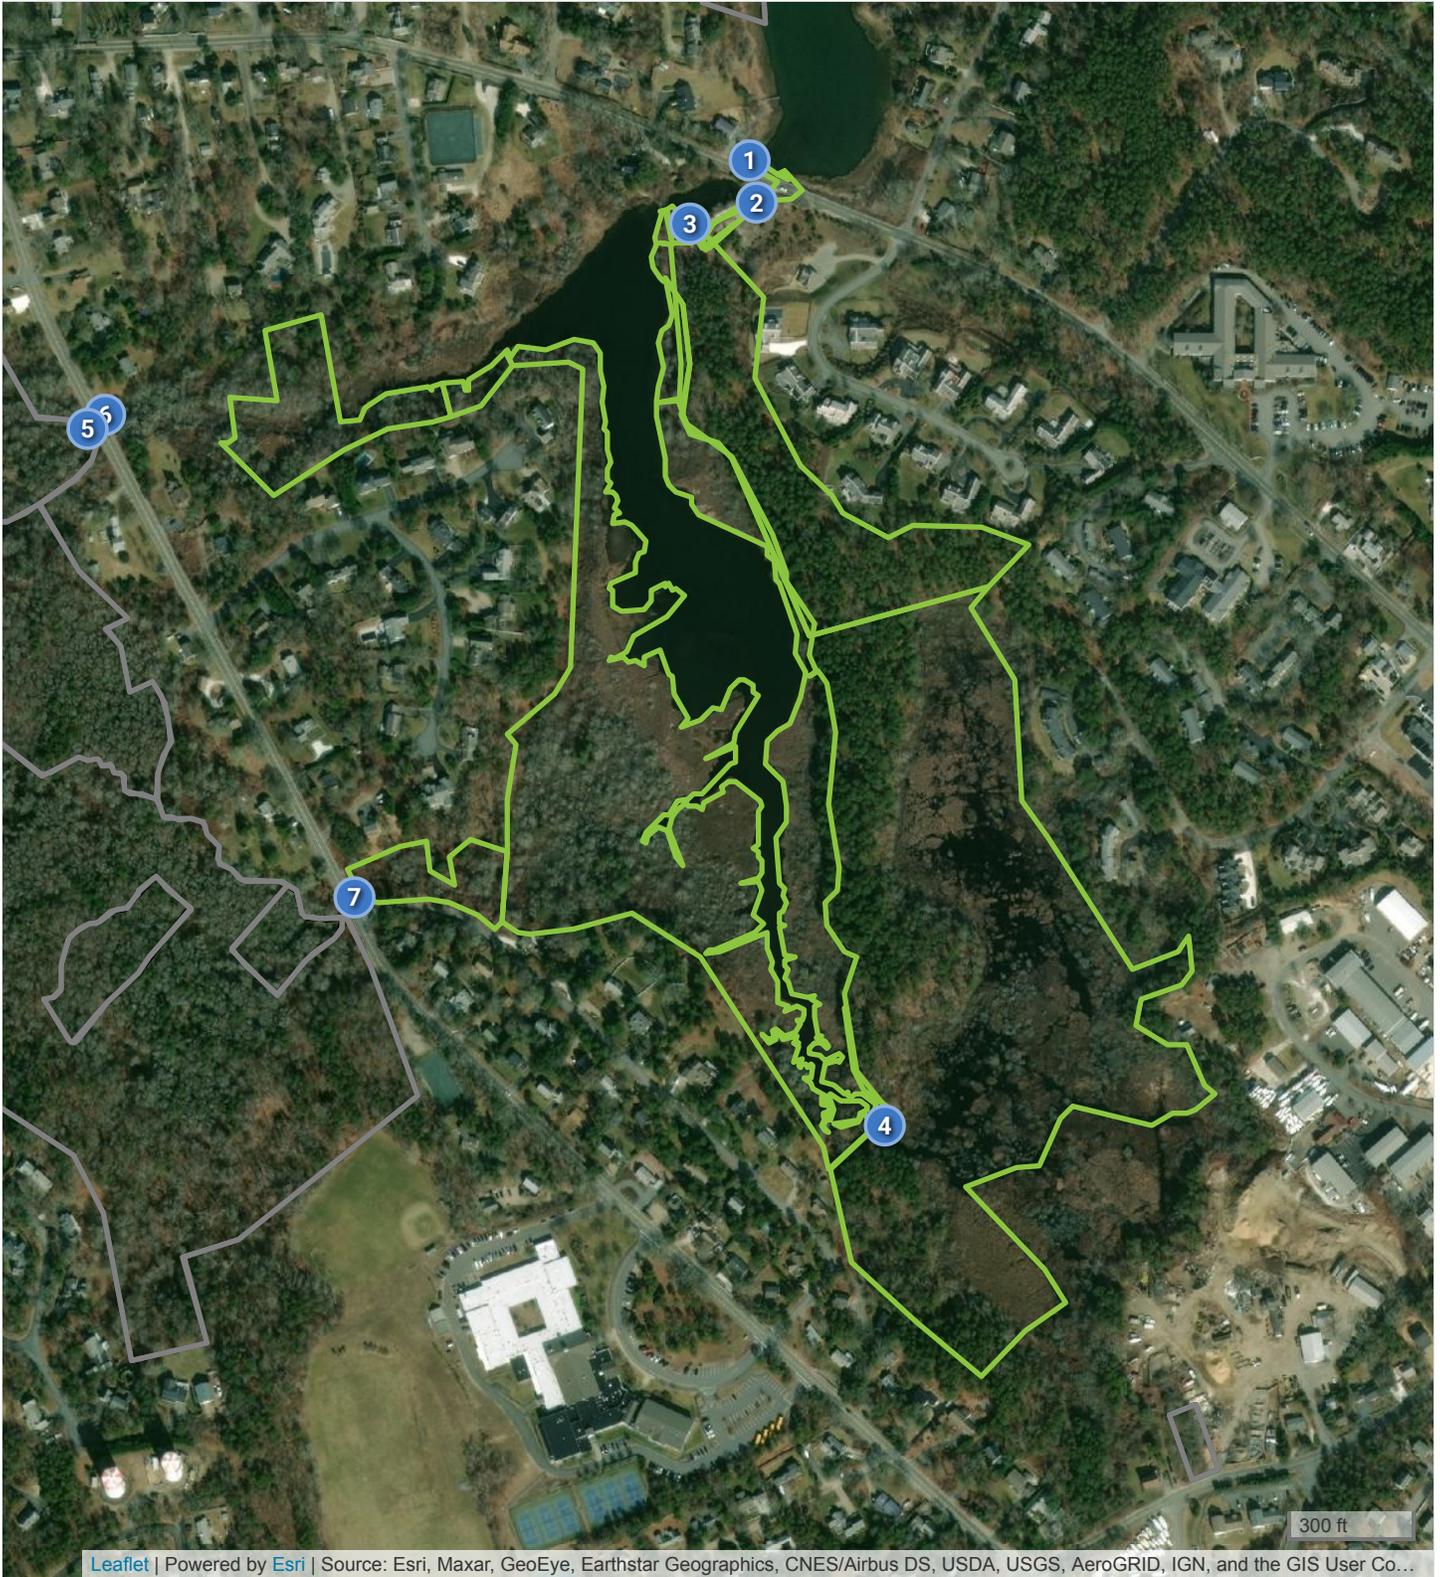

Photo #1 – Bank of Route 28 downstream at low tide.

Site #1 -- Culvert under 28 downstream at low tide. --
Location: 41° 42' 8.51" N, 69° 58' 10.9" W --
Direction: 130.22

Photo #2 – Culvert under 28 downstream at low tide.

Site #1 -- Culvert under 28 downstream at low tide. --
Location: 41° 42' 8.51" N, 69° 58' 10.9" W --
Direction: 167.28

Photo #3 – Culvert under 28 downstream at low tide.

Site #1 -- Culvert under 28 downstream at low tide. --
Location: 41° 42' 8.51" N, 69° 58' 10.9" W --
Direction: 306.71

Photo #4 – Culvert under 28 downstream at low tide.

Site #1 -- Culvert under 28 downstream at low tide. --
Location: 41° 42' 8.51" N, 69° 58' 10.9" W --
Direction: 136.06

Photo #5 – Large pipe outflow from under 28 downstream at low tide.

Site #1 -- Culvert under 28 downstream at low tide. --
Location: 41° 42' 8.51" N, 69° 58' 10.9" W --
Direction: 170.56

Photo #6 – Small outlet bubbling out under 28 downstream at low tide.

Site #1 -- Culvert under 28 downstream at low tide. --
Location: 41° 42' 8.51" N, 69° 58' 10.9" W --
Direction: 317.12

Photo #7 – Small outlet under 28 downstream at low tide.

Site #1 -- Culvert under 28 downstream at low tide. --
Location: 41° 42' 8.51" N, 69° 58' 10.9" W --
Direction: 139.38

Photo #8 – Acme laundry site

Site #2 -- Culvert under 28 upstream at low tide. --
Location: 41° 42' 7.53" N, 69° 58' 10.65" W --
Direction: 90.27

Photo #9 – Berm protecting creek from laundry site

Site #2 -- Culvert under 28 upstream at low tide. --
Location: 41° 42' 7.53" N, 69° 58' 10.65" W --
Direction: 65.06

Photo #10 – Culvert entry area under 28 upstream at low tide.

Site #2 -- Culvert under 28 upstream at low tide. --
Location: 41° 42' 7.53" N, 69° 58' 10.65" W --
Direction: 18.77

Photo #11 – Culvert entry near 28 upstream at low tide.

Site #2 -- Culvert under 28 upstream at low tide. --
Location: 41° 42' 7.53" N, 69° 58' 10.65" W --
Direction: 18.66

Photo #12 – Culvert under 28 upstream at low tide.

Site #2 -- Culvert under 28 upstream at low tide. --
Location: 41° 42' 7.53" N, 69° 58' 10.65" W --
Direction: 59.91

Photo #13 – Yellow post by smaller culvert under 28 upstream at low tide.

Site #2 -- Culvert under 28 upstream at low tide. --
Location: 41° 42' 7.53" N, 69° 58' 10.65" W --
Direction: 353.73
