

Carol & Gerry's 2013 with friends & relations

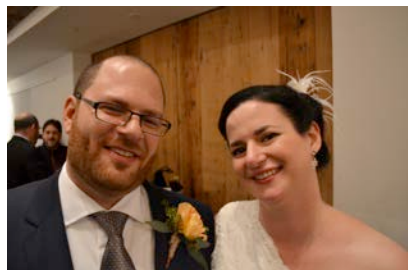

We started the year with family at the traditional hockey game at RPI, where Carol's father was honored.

Then Carol went to Guatemala on a humanitarian medical trip for kids.

She also continued volunteer work with the Red Cross and the Soldiers' Project.

Family Wedding

In November, Rusty and Sarah wed. Zake, Kim and Nastasja flew in for the celebration.

Work

Gerry gave lectures in Madison, Wisconsin, as well as Sweden & Norway. He continued his research on virtual math teams and published "Translating Euclid" as well as continuing to run his international journal.

Travel

Two major trips this year were to South America & Scandinavia. In late spring, we hiked Machu Picchu in Peru and visited Galapagos in Ecuador with a group of friends. In early fall we visited Gothenburg, Sweden, and Oslo, Norway, for a perfect mix of work and pleasure.

Recreation

Springtime saw us visiting friends in Paris and exploring the city.

We spent late summer on Cape Cod, hosting a series of family and friends (Carol and friend at the windmill and our 5 grandnieces).
